

# Numeracy Workout - Statistics & Probability

Topic 5 - Bar Charts				
Target 1	Target 2	Target 3	Target 4	Target 5
<i>Read and interpret a bar chart</i>	<i>Read and interpret a bar chart using interpolation on the frequency scale</i>	<i>Construct a bar chart</i> <i>Solve a logic problem</i>	<i>Read, interpret and construct a double column bar chart</i>	<i>Read, interpret and construct a back-to-back bar chart</i>
1. Read and interpret a vertical bar chart	1. Read and interpret a vertical bar chart	1. Construct a bar chart from a frequency table	1. Read and interpret a double column bar chart	1. Read and interpret a back-to-back bar chart
2. Read and interpret a vertical bar chart	2. Read and interpret a vertical bar chart	2. Construct a bar chart from a frequency table	2. Read and interpret a double column bar chart	2. Read and interpret a back-to-back bar chart
3. Read and interpret a vertical bar chart	3. Read and interpret a vertical bar chart	3. Construct a bar chart from a frequency table	3. Read and interpret a double column bar chart	3. Read and interpret a back-to-back bar chart
4. Read and interpret a vertical bar chart	4. Read and interpret a vertical bar chart	4. Construct a bar chart from a frequency table	4. Read and interpret a double column bar chart	4. Read and interpret a back-to-back bar chart
5. Read and interpret a vertical bar chart	5. Read and interpret a vertical bar chart	5. Construct a bar chart from a frequency table	5. Read and interpret a double column bar chart	5. Read and interpret a back-to-back bar chart
6. Read and interpret a horizontal bar chart	6. Read and interpret a horizontal bar chart	6. Solve a logic problem, then construct a bar chart	6. Read and interpret a double column bar chart	6. Read and interpret a back-to-back bar chart
7. Read and interpret a horizontal bar chart	7. Read and interpret a horizontal bar chart	7. Solve a logic problem, then construct a bar chart	7. Read and interpret a double column bar chart	7. Read and interpret a back-to-back bar chart
8. Read and interpret a horizontal bar chart	8. Read and interpret a horizontal bar chart	8. Solve a logic problem, then construct a bar chart	8. Construct a double column bar chart from a frequency table	8. Construct a back-to-back bar chart from a frequency table
9. Read and interpret a horizontal bar chart	9. Read and interpret a horizontal bar chart	9. Solve a logic problem, then construct a bar chart	9. Construct a double column bar chart from a frequency table	9. Construct a back-to-back bar chart from a frequency table
10. Read and interpret a horizontal bar chart	10. Read and interpret a horizontal bar chart	10. Solve a logic problem, then construct a bar chart	10. Construct a double column bar chart from a frequency table	10. Construct a back-to-back bar chart from a frequency table
